

## CLAYENS WINS SAFRAN SUPPLIER INNOVATION AWARD

Genas, April 2, 2025

I am delighted to announce that CLAYENS has won the Supplier Innovation Award presented by our client SAFRAN. This prestigious recognition was received at the ceremony held on Thursday, March 27, 2025, during their 2025 Supplier Day.

This distinction recognizes a project that illustrates both our capacity for innovation and our commitment to providing solutions that meet our clients' expectations. We were selected from a dozen suppliers, which is a testament to the quality of our work and the impact of this innovation in our sector.

This recognition is an important milestone for us, but it's just the beginning. Let's continue to innovate, push boundaries, and make every project a success!

Thank you to the entire project team for their valuable contribution, expertise and passion, which made this project a reality.

Sincerely,

Eric PISANI  
CEO
